WORK EXPERIENCE

Procurement Analyst Intern — May 2025 - December 2025 | May 2026 - August 2026
Carpenter Technology Corporation | Reading, PA

- Developed and executed Winshuttle scripts within SAP to update contract pricing records and purchase orders.
- Built a cost-savings tracker adopted across the department, giving leadership visibility into realized savings.
- Leveraged Alteryx and Python to aggregate and report invoice data from multiple systems, improving visibility.

Continuous Improvement Intern — January 2026 - May 2026
Mack Trucks | Macungie, PA

- Designed and 3D printed fixtures to resolve fuel tank misalignment, minimizing related warranty claims by 40%
- Piloted computer vision software to automate 3M analysis, further enabling plant-wide process improvements.
- Optimized layout and material staging in the exhaust kitting area to cut down cycle times and improve traffic.

Project Consultant — December 2024 - May 2025
Enterprise Systems Center, Lehigh University | Bethlehem, PA

- Partnered with a manufacturing firm to restructure its operational hierarchy and to enhance overall productivity.
- Updated company job descriptions to ensure alignment between team skills, experience, and business needs.

Storeroom Inventory Associate — May 2023 - August 2023
Boston Beer Company | Breinigsville, PA

- Audited 50,000+ vendor records using a web-based database management system, improving inventory accuracy.
- Built macro-enabled Excel/VBA workbooks to help automate cyclical work order issuance and audit tracking.

PROJECTS

Inventory Policy Simulation with Demand Forecasting — April 2026 - May 2026

- Forecasted weekly demand for 500+ SKUs using Microsoft Excel, cutting MAPE by 19% versus a naive baseline.
- Simulated (s, S) reorder policies at a 95% service level via Monte Carlo, minimizing associated holding costs.

Eagle Scout Project, Neighborhood Health Centers of the Lehigh Valley — February 2020 - July 2020

- Designed schematics and led a small team through the construction and installation of food donation pantries.
- Directed end-to-end planning, resource allocation, budget execution, and team management from start to finish.
